AAAAASUVORK5CYII=]

Une équipe d'étudiants en bande dessinée de l'école Emile Cohl à Lyon a proposé de réaliser des bandes dessinées sur certains troubles.

Il en résulte notamment un site Internet : <https://www.hors-cases.fr/> qui regroupe des bandes dessinées que l'on peut lire en ligne ou télécharger gratuitement. L'objectif de ces publications est de sensibiliser de manière claire et simple tous les publics, entreprises, professionnels de santé, pédagogues, aux problématiques liées aux handicaps.

Les sujets comme l'autisme, la dyslexie, la trisomie, les T.O.C. et bien d'autres sont traités dans ces supports de médiation. La collection devrait s'enrichir prochainement avec de nouveaux ouvrages.

Les livres en support papier peuvent aussi être commandés sur la boutique du site.
